5. Open Forum: T. Medvitz reported on the recent Sunrise Power Link meeting held in Poway to inform people of their property rights regarding access to their lands. He stated owners had the right to demand a court order for when, why & what any contractor wants to do on their property. Owners also have a right to ask for insurance. They can say "no" to access until a court order is given. They should also write a letter backing up the denial to anyone representing Sempra Energy or SDG&E. There are currently three legal actions to set aside the decision by the CPUC that approved the Sunrise Power Link. The EIR was challenged as incomplete and failing to contact Lakeside's Fire Department. YouTube presentations of the complete meeting will be available to the public.

W. Allen reported the owner of the old flume line offered it to SDG&E so that the Sunrise Power Link could be put under ground.
